What is the clinical question to be answered with PET?

What will a PET scan demonstrate that cannot be proven by other means?

How will the PET scan impact clinical management of the patient?

1. If PET scan is positive then patient management would be...

2. If PET scan is negative then patient management would be...

The following documentation must be attached to this application. The review will not take place without this documentation.

- Clinic and/or consult notes outlining the patient's relevant medical and treatment history, including the problem that PET is being asked to address
(usually the most recent 2-3 clinic notes will suffice)
- Complete conventional diagnostic work-up **from the past three months**, including all imaging studies, pathology reports, bloodwork, etc. that are relevant to the application

For Non-Ontario Physicians ONLY:

- By checking this box, I confirm that the patient named above, or relevant substitute decision-maker where applicable, consents that the patient's Personal Health Information (PHI) will be collected, used and disclosed by Cancer Care Ontario (CCO) in order to determine the patient's treatment, facility's eligibility to receive funding for specific cancer services and for CCO to conduct health system planning. As part of evaluation of the request, it may be necessary for CCO to disclose the patient's PHI to other administrative programs for health services and insured benefits at Ministry of Health.
- By checking this box, I certify that the information set out is true and accurate, to the best of my knowledge.
